DSCC CONTRACT# SP0900-03-D-9752

LONG TERM CONTRACT

Night Vision Equipment Company
PO Box 219
Fogelsville, PA 18051

Defense Supply Center Columbus (DSCC) awarded a Long Term Contract to NVEC on 10 SEP 2003 for the supply of NVEC's equipment. The contract is for a period of five (5) years. The Long Term Contract was awarded to NVEC under a "Best Value" evaluation criteria for items with established National Stock Numbers (NSNs). DSCC has established a Long Term Contract with NVEC to build an integrated logistics support capability that can provide the finest in customer support to military customers.

Quality night vision products ensured under the government's long term contract award

One stop shopping for your night vision product needs

Reduced administrative lead time for placing orders quickly under an established long term contract

Reduced delivery lead time (many items STOCK from DLA for timely support and delivery)

Additional provision for Direct Vendor Delivery (DVD) provides flexibility to customers

Additional provision for credit card purchases directly by customers

Long Term Contract provides leverage of the national purchasing power of consolidating all of DoD's requirements

Two methods can be used to place orders under the Night Vision Long Term Contract with Defense Supply Center Columbus.

Delivery Orders by DLA Inventory Control Points

Orders can be placed directly with Defense Supply Center Columbus and many times can be shipped directly from STOCK. DSCC accepts MILSTRIP/MIPR/IMPAC funding for support of LTC requisitions.

DSCC offers an Emergency Support Operations Center that can be contacted at 614-692-2271 (DSN: 850-2271) (24 hours a day, 7 days a week) to handle your inquiries. You can obtain information on the status of a specific requisition(s), stock availability, placement of a new requisition(s) and modify an existing requisition.

Credit Card Purchase Directly by Customers

Government entities with an IMPAC (International Merchant Purchase Agreement Card) may make credit card purchases directly from NVEC using the Long Term Contract number.
